

March 28, 1941.

Mr. A. F. Bradford,
Box 657,
Blytheville, Ark.

Dear Sir:

Your letter of March 21st received. I want to thank you for your offer to me of the young Ball player and your interest in the Ball Club. You, of course, know it is impossible to take every rookie to Camp who you receive word about, then too, a place as far away as Arkansas you do not feel like gambling on transportation on an inexperienced rookie. I would be glad to correspond with you further if you would send me some information of his age, height, weight, what experience he has had, if any, and what qualities make you feel he would be of service to us.

Hoping to hear from you again.

Very truly yours,

AM:CCJ
